

APAC OFFSHORE WIND ROUNDTABLE SERIES 2024

Outlook for the Offshore Wind Industry in the Philippines

MANILA - 19 NOVEMBER 2024

The Asia Wind Energy Association will be organizing the Philippines Offshore Wind Roundtable in Manila on 19 November 2024. The event will discuss the outlook for the offshore wind industry in the Philippines and the potential for local and regional maritime and offshore companies to participate in this emerging offshore wind market.

The event will be attended by more than 125 delegates in the offshore wind industry in Asia-Pacific and the delegates will be able to hear from expert speakers and panelists about the outlook for the Philippines Offshore Wind Industry.

With an increased number of international and local developers announcing new offshore wind projects in the Philippines, the Philippines' offshore wind market will see significant growth in the coming years. At our previous roundtables in Asia-Pacific, there were more than 125 delegates and we expect a full house again for this event.
