FOCUS ON JAPAN

IN CONJUNCTION WITH SMART ENERGY WEEK

16 MARCH 2026 | TOKYO

The 17th Asia Offshore Wind Day will be organized by the Asia Wind Energy Association in **Tokyo** on **16 March 2026**. With the Japanese offshore wind industry expected to grow significantly in the coming years, the 17th Asia Offshore Wind Day offers the ideal meeting place to network, discuss, and learn more about the future of the offshore wind industry in Japan and the Asia-Pacific region.

With the Japanese government's determination to reach its energy transition targets, the Japanese offshore wind market will see significant growth in the coming years. In addition, other growth markets such as Korea, New Zealand, Vietnam, Taiwan, and Australia will be discussed during the conference. At our previous events in Asia-Pacific, there were more than 400-500 delegates and we expect a full house again for this event.
