INTRODUCTION

Welcome to the **Asia Wind Energy Association 2027 Events Calendar,** your comprehensive guide to premier wind industry events across the Asia-Pacific region and beyond. Running from January through December 2027, our annual program brings together industry leaders, policymakers, project developers, engineers, and international stakeholders to accelerate the growth of marine renewables.

Across five distinct event tracks, the 2027 calendar offers targeted opportunities to gain market intelligence, build practical engineering expertise, and forge cross-border partnerships in key hubs including Singapore, Tokyo, Taipei, Manila, Busan, Hanoi, Perth, Bangkok, Ho Chi Minh City, and Copenhagen. Whether you are looking for high-level executive dialogue, hands-on technical execution, or large-scale exhibition networking, this guide outlines every flagship event to help you plan your year.

TABLE OF CONTENTS

Offshore Wind Conferences

Five flagship regional conferences in **Hanoi, Tokyo, Busan, Taipei** and **Manila** held alongside major maritime and energy exhibitions. 4

Industry Seminars

Executive-level dialogues focusing on topics such as risk, finance, insurance, and regional market outlooks. 5

Technical Workshops

A five-part hands-on engineering and best-practices series across **Perth, Manila, Bangkok, Ho Chi Minh City,** and **Taipei.** 6

Partner Events

Specialized market outlook and technical programming at leading industry exhibitions such as **WindEnergy Asia-Pacific 2027** and **Ocean Connect Asia 2027.** 7

Network Gatherings

Regional network sessions across **Perth, Singapore, Manila, Bangkok, Ho Chi Minh City,** and **Taipei.** 8

OFFSHORE WIND CONFERENCES

The **Asia Wind Energy Association** invites industry leaders, policymakers, and energy innovators to our 2027 series of premier offshore wind conferences across key Asian markets. Spanning from February to November, this dynamic lineup features five flagship events in Hanoi, Tokyo, Busan, Taipei and Manila.

Each conference provides targeted market insights, focusing on high growth offshore wind markets including Vietnam, Japan, Korea, Taiwan, and the Philippines. Held in conjunction with major regional energy and maritime exhibitions, these gatherings offer unmatched opportunities for strategic networking and cross-border collaboration. Join us throughout 2027 to help shape the future of offshore wind energy across the Asia-Pacific region.

3rd Annual Vietnam Offshore Wind Day

HANOI - 25 FEBRUARY 2027

20th Asia Offshore Wind Day - Focus on Japan

TOKYO - 23 MARCH 2027

In conjunction with Smart Energy Week 2027

21st Asia Offshore Wind Day - Focus on Korea

BUSAN - 18 OCTOBER 2027

In conjunction with Kormarine 2027

22nd Asia Offshore Wind Day - Focus on Taiwan

TAIPEI - 26 OCTOBER 2027

In conjunction with Energy Taiwan 2027

4th Annual Philippines Offshore Wind Day

MANILA - 24 NOVEMBER 2027

INDUSTRY SEMINARS

The **Asia Wind Energy Association** presents a specialized series of 2027 industry seminars designed to foster high-level dialogue on the Asia-Pacific offshore wind sector. Kicking off in January in Singapore as insurance and de-risking Seminar, this focused seminar address critical topics such as de-risking marine renewables. In April, we will host the Annual APAC Offshore Wind Roundtable during Singapore Maritime Week, followed closely by our Breakfast Seminar in Copenhagen alongside Wind Europe 2027.

These intimate, executive-level sessions connect international stakeholders with regional market intelligence and strategic partnerships. Join us in Singapore and Copenhagen to navigate the evolving outlook and opportunities in Asian offshore wind.

Offshore Wind Insurance & Risk Seminar

SINGAPORE - JANUARY 2027

De-Risking APAC's Next Wave of Marine Renewables

Annual APAC Offshore Wind Roundtable

SINGAPORE - 14 APRIL 2027

In conjunction with Singapore Maritime Week 2027

Wind Industry Breakfast Seminar
Outlook for the Asia-Pacific Offshore Wind Industry

COPENHAGEN - 21 APRIL 2027

In conjunction with Wind Europe 2027

TECHNICAL WORKSHOPS

The **Asia Wind Energy Association** is hosting a five-part workshop series in 2027 to advance engineering best practices across the Asia-Pacific wind sector. Taking place in Perth, Manila, Bangkok, Ho Chi Minh City, and Taipei. These hands-on sessions bring together project developers, engineers, and technical specialists to tackle local deployment and operational challenges.

Join our technical experts to strengthen your operational capabilities and support the safe, efficient growth of wind projects in the region.

PARTNER EVENTS

The **Asia Wind Energy Association** collaborates with leading international platforms in 2027 to deliver high-level dialogue, market intelligence, and technical insights across the Asia-Pacific offshore wind sector. Through strategic partnerships with premier industry exhibitions and forums in Singapore and Europe, we host dedicated market outlook sessions, technical workshops and executive roundtables.

These collaborative events connect global stakeholders, developers, and policymakers to explore emerging project opportunities and advance the wind industry across the region. Join us at our 2027 partner events to navigate the evolving outlook for the Asia Wind Energy Industry.

Ocean Connect Asia 2027

SANDS EXPO SINGAPORE - 17-18 MARCH 2027

Taking place on 17–18 March 2027 at Sands Expo in Singapore, Ocean Connect Asia brings together global leaders across the maritime, subsea, and offshore energy sectors. In partnership with the event, the Asia Wind Energy Association will organize specialized market outlook and technical sessions to highlight regional offshore wind developments.

WindEnergy Asia-Pacific 2027

SANDS EXPO SINGAPORE - 25-27 MAY 2027

Scheduled for 25–27 May 2027 at Sands Expo in Singapore, WindEnergy Asia-Pacific serves as a premier exhibition and forum for the region's wind power industry. As a supporting partner, the Asia Wind Energy Association will host dedicated market outlook and technical sessions to connect stakeholders with emerging project opportunities and technical insights.

NETWORK GATHERINGS

Every year, the **Asia Wind Energy Association** is hosting a regional series of Network Gatherings across Australia, Singapore, the Philippines, Thailand and Vietnam. Designed to bring the Asia-Pacific wind community together in an informal setting, these events unite project developers, manufacturers, service providers, and investors to exchange perspectives and build lasting partnerships.

Join us throughout the year to expand your regional network, share market insights, and accelerate wind energy deployment across Asia-Pacific.

SPONSORSHIPS & JOINT-EVENT PARTNERSHIPS

The **Asia Wind Energy Association** offers tailored sponsorship packages and joint-event partnerships across our 2027 regional calendar. Designed to maximize brand visibility and executive positioning, these opportunities connect your organization directly with project developers, policymakers, investors, and technical leaders across ten key global hubs.

Whether you are looking to showcase industry thought leadership on stage or co-host a targeted market briefing, our team works closely with partners to align with your commercial goals. Partner with us in 2027 to elevate your market presence and drive the growth of wind energy across Asia-Pacific.
